

2019-2020 Uintah Online Final Report Summary

Amount Received: \$3172.00

Goals: Uintah Online students will complete core content course curriculum (Math, ELA, Science) at 80% or more from August 2019 – May 2020. Blackboard Collaborate will aid in reaching this goal of course completion, by providing a virtual platform by which the teacher, student, and parent can meet to review progress and receive real-time assistance.

Spending: \$3172.00

Improvements made: Throughout the course of the 2019-2020 school year on average, 44% of our student body completed core-content curriculum (Math, ELA, Science) at 80% or more. The purchase of a virtual classroom helped in supporting student completion of core-content curriculum. Teacher, student, and parents could meet via a virtual environment to track progress, discuss concerns, get help, and communicate. Uintah Online staff continues to work toward mastery of our goal that 80% or more of our student body will complete 80% core-content curriculum throughout the given school year.

1st trimester 33% completion

2nd trimester 33% completion

3rd trimester 67% completion

$33+33+67/300 = 44\%$ average student completion for 2019-2020 school year.
